Invitation

On behalf of the IASP President Professor Jo Robinson and the Board, we would like to invite you to participate in the 2026 IASP Asia Pacific Regional Forum.

The IASP Regional Forum offers organisations the opportunity to partner in a high-impact, evidence-informed forum focused on collaboration, innovation, and community-led solutions. Sponsorship is positioned as a **partnership for impact**, enabling organisations to support regional capacity building, inclusive dialogue, and sustainable suicide prevention outcomes.

All sponsorship packages are designed to:

- Align with ethical engagement principles in suicide prevention
- Support lived experience inclusion and regional participation
- Provide meaningful visibility without commercialisation
- Demonstrate measurable community and sector impact

We look forward to welcoming you to Fiji in 2026

Creating Measurable Impact in Regional Suicide Prevention

Sponsoring the IASP Asia Pacific Regional Forum is an opportunity to invest in **life-saving work** while demonstrating leadership, responsibility, and commitment to community wellbeing.

Your support directly contributes to:

1. Regional Impact Where It Matters Most

Suicide prevention outcomes are strongest when strategies are locally informed. Sponsorship enables region-specific solutions by supporting:

- Local practitioners and community leaders
- First Nations and culturally diverse voices
- Tailored responses to regional needs and gaps

2. Strengthening Evidence-Informed Practice

Sponsors help advance the translation of research into practice by supporting:

- High-quality presentations and research dissemination
- Training and pre-conference workshops
- Best-practice models that can be adapted and scaled

3. Inclusive and Ethical Engagement

Your partnership supports:

- Meaningful inclusion of lived experience voices
- Safe, trauma-informed conference delivery
- Culturally responsive approaches to suicide prevention

4. Collaboration Across Sectors

The Forum brings together health, community services, government, education, technology, and lived experience stakeholders, creating opportunities for:

- Cross-sector collaboration
- Knowledge exchange
- Sustainable partnerships beyond the event

5. Accountability and Measurable Outcomes

Sponsors receive:

- Post-event impact and evaluation reports
- Data on engagement, reach, and collaboration outcomes
- Evidence of contribution to awareness, practice improvement, and policy influence

Sponsorship is positioned as a **partnership for impact**, not a commercial advertising opportunity.

Opportunities

The **Strategic Leadership Partner** play a leadership role in supporting regional suicide prevention efforts and is recognised for their significant contribution to collaboration, innovation, and sector development.

US\$10,000
