Thursday, Sept 10 at 7pm in Mac Activities

Suicide is the 2nd leading cause of death in the U.S. for individuals ages 15-24. Over 41,000 suicides are reported annually, making it the 10th leading cause of death for Americans. It is tragic to consider how many of these suicides could have been prevented. Would you know what to say? Will you be the one that helps? Be Ready. Be There.
